

MULTIPURPOSE REEL

- Instructions for Use

PURPOSE

This mat is designed to control contamination in sensitive environments. Proper use ensures **a longer lifespan** and **maintains its protective function**. Misuse can lead to damage and reduced effectiveness.

BEFORE USE

- Place the mat on **a clean, stable floor**.
- When unboxing, **unroll the mat in reverse** to help it regain its original shape.
- If you need more grip, choose the version with glue.

CLEANING PROCEDURE

Washing is very simple:

1. Take the Multipurpose Reel, whether it's the Ready Roll or the Custom Reel, and remove it from the floor;
 2. Transfer it under warm water with a drop of soap;
 3. Leave to dry before use it again.
- **Clean daily** or at the end of each shift.
 - Do not step on the mat until it is completely dry.
